

Individual Public and
Industrial Water Users

1983

A Supplement to Technical Publication SJ 84-5

Annual Water Use Survey: 1983

by

Richard Marella
Water Resource Specialist

Department of Water Resources

St. Johns River Water Management District

P. O. Box 1429

Palatka, Florida

August 1984

PURPOSE

The purpose of this supplement is to show detailed information regarding Public and Industrial water users throughout the District. This supplement complements Technical Report No. 31, "Annual Water Use Survey - 1983" by showing this detailed data as opposed to the accumulative data.

Information shown in this supplement is pumpage by individual Public and Private Utilities (Tab 1) including GPCD, population served and peak month. Pumpage for individual Industries, Institutions and Thermoelectric Power Plants is shown (Tab 2), as well as peak month and type of use. Individual monthly pumpage is shown by each facility within the utility or industry (Tab 3). Individual monthly pumpage is shown by water source (ground or surface and fresh or saline) within the utility or industry (Tab 4).

TABLE OF CONTENTS

Individual Public Utility Water Use by County.....Tab 1

Individual Industrial, Institutional, and
Thermoelectric Water Use by County.....Tab 2

Monthly Water Use by Facility.....Tab 3

Monthly Water Use by Water Source.....Tab 4
